Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Wednesday 17 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy with rain becoming heavier today.

Today:
Generally dry and cloudy during the morning with scattered showers over eastern parts of the region. During the afternoon heavy rain arrives from the south and spreads across all parts. Windy with a risk of gales. Maximum temperature 11 deg C (52 deg F).

Tonight:
Rain persists this evening and turns heavy at times before pushing northwards during the night. A drier interlude follows but further rain arrives later. Mild and windy with coastal gales. Minimum temperature 8 deg C (46 deg F).

Thursday:
Wet morning across the region with a band of heavy rain pushing eastwards and clearing by midday. Scattered showers and bright spells to follow. Windy with coastal gales. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Wet and windy on Friday with outbreaks of rain, heavy at times Mix of blustery showers and sunshine on Saturday, further rain arriving overnight. Drier again Sunday. Very mild weekend.
